Deputy Commissioner's Office,
Mysore District,
Dated Mysore 30th September 1896.

To

The Secretary to the Government of Mysore,
Revenue and General Depts.

Sir,

I have the honor to submit herewith an alienation statement showing the particulars of an assessed waste land, of which two acres are required for building purposes, in the Jatigatepura village of the Periyapatna taluk in the Heggadadevana Kote taluk. The present village being located in a low ground is very damp and unhealthy. Besides this, it is periodically subject to inundations from water flowing through it from the neighbouring hills in the rainy season. The villagers, therefore, intend to shift their houses to a better site and to retain the old village site as "hattal" subject to the payment of assessment. Sanction is solicited to the assessment on the extent of the land required for building houses being struck off.

2. The revenue papers ending with the Assistant Commissioner's Cadi Co. 233 dated the 16th September 1896 are herewith

submitted for reference and kind return.

To be granted free of assessment for building purposes	To be assessed.			The present village being situated on a low ground is very liable to be inundated during rainy season. It is also suggested that being surrounded by tank and channels during rainy season from the neighbouring hills it is proper therefore, that permission should be given in the manner as marginally noted as such. Hence the recommended.

Dated Mysore 1st December 1896.

To

The Secretary to the Government of Mysore,
Revenue and General Departments.

Sir,

The ryots of Kéré Nagenahalli and some other villages in the Mysore taluk prepared a road from Mysore to Kéré Nagenahalli and other villages at their own cost in 1890 by increasing a country track. In doing so some of them even allowed the road to absorb small portions of their fields bordering it as it was found that the road could not be completed without taking it over the fields of three individuals in Kéré. A large extent of land was taken up for the road in each of these cases and yet the assessment continued to be levied from them as before from 1890 the year in which the road was made till 1895-96. The owners complained to me that though their lands were appropriated for the road and

they did not cultivate them, they had to pay the encroachment all the same. As I deemed the complaint to be just, I directed that the assessment on the lands for 1935-36 should not be demanded.

2. From the enclosed statement, it will be seen that 3 acres and 16 guntas of occupied land with a total assessment of Rs. 36-4-0 have been utilized for the road. I request therefore that Government may be pleased to sanction the amount being struck off the accounts and the lands being treated as Kharab.

To

SIR,

I have the honor to state that there being no place in the village to build houses the inhabitants of the Eriyapura village in Hungala hobli of the Gundlupete taluk have applied for the grant to them of the Inam land bearing Survey No 267 measuring 4 acres 22 guntas with an assessment of Rs 3-8-0 for building houses as it is contiguous to the village site. The land belongs to the Keliga Inam. The Keliga is willing to part with it if another piece of Government land of equal assessment is given to him. The 2nd Assistant Commissioner has recommended that Survey No 279 (Government waste) of the same village measuring 4 acres 25 guntas with an assessment of Rs 3-8-0 may be granted as "Keliga Inam" in lieu of the one proposed to be taken for the extension of the village.

2. As the Inam land in question is close to the village and as some ryots are reported to own no houses and have come forwards to pay for the site at half an anna per square yard, I would recommend that the Inam lands may be

added

added on to the village building site and that Survey No 240 be granted as Service Inam in lieu of Survey No 237.

3. I enclosed statements marked A and B. and the Vernacular Correspondence bearing on the subject are herewith submitted.

Sir,

I have the honor to submit herewith a Statement showing the particulars of an abandoned village site attached to the Biliqunda village, Hasanahalli Hobli of the Nuggur Taluk, applied for, for cultivation by one Mari Nanjasetty, and to request that Sanction may be accorded to the same.

2. The land applied for measures a. 2 - G. 20. This was once the village site of Anandagere, no trace of a village exists now; it is over grown with lantana and other shrubs and has become the refuge to wild beasts. The villagers of Bilagonda have no objection to the grant of the land for cultivation as there is no prospect of any body building any houses on the site. The Taluk Amildar and the
